COMPILED BY JOE O'NEILL

**Rubisaki winning the \$1,000,000 Inglis Sprint – she's a very good filly!!!**  
**7 starts – 5 wins - \$853,800 stakes earned!!!**

It has been a very bust but rewarding start to the New Year. The sales have been very good to us with me securing 10 outstanding yearlings. I have received very good interest in these yearlings and should be able to send out the information on the four Inglis Classic purchases on Monday.

The win by Invincible Al at Eagle Farm was a great thrill for his big group of loyal owners. On his day he can run freakish sectionals and he did that at Eagle Farm. He should be able to win again and may even pick up a better quality race. Well done to Tony Gollan who has done a good job with him.

The win by Rubisaki in the Inglis Sprint was as good a win as you are likely to see. She was back in traffic on a track which was clearly favouring on pace runners. Bill Egan rode her beautifully. He

had her well balanced and once the breaks came the race was over. She has a terrific turn of foot with the sky appearing to be the limit for her. Patrick Payne to the fore, again.

### **CLASSIC YEARLING PURCHASES**

I purchased four lovely yearlings at the Inglis Classic Sale. Two years ago, I purchased Rubisaki at this sale for \$85,000 with her now having won \$853,800.

The Classic has been a good sale for me over the years. John Thompson will get the Deep Field filly out of Classic Escape with the other three yearlings going to Patrick Payne.

It was always my intention to add eight yearlings to our Victorian operation this year and I have now achieved that with Patrick Payne receiving some outstanding firepower.

Moving forward I will be looking to get Adam Trinder a yearling and Kris Lees one more. This should round out our team, but I may pick up an extra one should I find something I really like. I don't like having more than 50 horses in our team and I have about that number as I write this Dispatch.

**Lot 103 Deep Field / Exotic Escape filly**
